Buforový pás

The board contains several panels with images and text. At the top left is a photo of a stream. Below it are smaller images of a squirrel and a bird. Text blocks are interspersed between the images. At the bottom left are logos for the National Park and other organizations. At the bottom right is a slogan in Czech: "Všichni, co je podle přírody, je dobré dít." (Everyone who is according to nature, is good to do.)

Všichni, co je podle přírody, je dobré dít.
